COMMUNITY ENGAGEMENT PROCESS

Outcomes from the Four MAPP Assessments are lists of challenges and opportunities from each assessment.

- Community Themes and Strengths: What is important to our community? Perceptions about quality of life? What assets do we have?
- Local Public Health System: What are the activities, competencies, and capacities of our local public health system?
- Community Health Status: What does our health status look like? How healthy are our residents?
- Forces of Change: What is occurring or might occur that will affect the PHNs or the community?

Four MAPP Assessments

Data Perspective
Organizational Perspective
Individual Perspective

Master list of all challenges and opportunities
Identify and select strategic priorities
